

FROVI / KORSNAS CARRY Product Sheet

BillerudKorsnäs Carry

Å

BillerudKorsnäs Carry stands up to more than other cartonboard grades. It is extremely strong and durable, with high tearing resistance. Perfect for exclusive multipacks, luxury beverages and hanging packaging for tools, batteries and heavy spare parts. The fine white coated surface provides excellent reproduction of product images and logotypes. If you want maximum strength with the least possible material use, there's only one choice.

Full range available ex- mill from 350 gsm / 505 micron to 480 gsm / 720 micron

Product Characteristics

Kraft boards
