

CrownBoard Craft™

- CrownBoard Craft is a state-of-the-art, climate-smart cartonboard, built up in multiple layers and made of 100% pure and strong primary Nordic wood fibre
- Engineered to offer an extremely strong and durable packaging material
- High strength ensures superior efficiency/productivity in converting processes, great versatility in terms of applications, and lightweighting opportunities
- White, fully coated top side and a naturally brown reverse which accentuates the strength
- Top side offers quality printability to match most all-white boards
- Offers an extra original, rustic appeal and additional design possibilities
