# PrintKote®; Product Sheet

The perfect blend of versatility and reliability.  
(No wonder it's an industry favorite.)

PrintKote® is a single solution to a wide range of packaging needs. But no matter the application, reliability is a constant.

PrintKote® is a high-quality, coated, solid bleached sulfate paperboard (SBS) that delivers exceptional printability and a market-leading stiffness-to-weight ratio. If you're looking for excellent consistency, you can't go wrong with PrintKote®.

Full range available ex- mill from 240 gsm / 305 micron to 460 gsm / 711 micron

## Product Characteristics

Solid Bleached Boards
