

CustomKote®

- Carton board - one sided kraft lined
- High performing coated natural kraft with great stiffness and superior strength maintaining integrity in multiple and changing environments
- Coated side provides an excellent print surface with an unbleached, uncoated reverse side
- Strength and versatility allows for many packaging designs (graphics, foils, handles, windows/apertures)
- Full range available ex- mill from 290 gsm / 356 micron to 555 gsm / 762 micron
